

Come, enjoy and learn the night sky as the Cincinnati Astronomical Society celebrates its first 100 years!

Cincinnati Astronomical Society's 2011 Centennial Year Events:

*January 14 Friday 8pm Member's kick-off event and stargaze!
Come out to hear the history (and future) of CAS.*

*March 12 Saturday 6pm Public Stargaze
Images by members over the past 100 years!
Plus, hear the history of the Alvan Clark's "stolen lens."*

*April 2 Saturday 8pm Public Stargaze
Spectacular Saturn!
The planet is at opposition and will provide
some of the best viewing in 2011.
Come see it through the big scopes.*

*April 9 Saturday 6:30pm Annual member's dinner.
Great food, great folks, a great time!
All to support CAS.
Special guests past CAS presidents.*

*April 23 Saturday 8pm Stargaze
Party with the Public!
CAS is 100 years old!
Come out and share
your passion
for astronomy*

*May 7 Saturday 8:30pm Public Stargaze
Globular Cluster Day!
Come get reacquainted with
these jewels of the sky.*

*June 11 Saturday Public Stargaze
The sun and moon in June!
Day "star" gaze
11am – 3pm Solar viewing
Get to know our active
and closest star!*

*Evening stargaze
8:30pm Lunar viewing.
Great views of our
dynamic satellite!*

*Keep looking up!
More CAS
centennial events
to come*

*8" Alvan Clark & Sons Refractor
Built in 1880
Acquired by CAS in 1924*

*Check out www.cinastro.org
for more information
and to contribute to the
Centennial Fund Raiser!
Members always welcome
and volunteers needed.*
